

**Deborah Hodges
President & CEO
Health Plans, Inc.**

As the President and CEO of HPI, Deb's strategic vision and decisive leadership have been instrumental in driving the company's growth and national expansion. With a deep understanding of the industry landscape and a keen business acumen, Deb has successfully positioned HPI as a critical player in its sector.

Under Deb's guidance, HPI has witnessed significant progress in market share, revenue growth, and overall profitability. Her effective management style and ability to inspire and empower teams foster a culture of innovation and excellence within the organization and support a customer-centric approach across all business facets.

Deb's tenure as President at HPI has been characterized by transformative leadership. She led the company through rapid expansion and set new benchmarks for excellence in the industry. Her strategic foresight and hands-on approach to leadership have solidified her reputation as a respected and accomplished executive in the business community.

Deb is also involved in Women Leaders Health Care, serves on the Board of Directors for SIIA, and serves on many committees, including mentorship for Future Leaders, the Captive Committee, and Transparency.

Deb holds a Bachelor of Science degree in Health Care Administration.
