

Sidhartha (Sid) Sinha
Founder & CEO
Avant Health

Sidhartha (Sid) Sinha is the founder and CEO of Avant Health, an AI-native TPA. He has built and led product and implementation teams at multiple venture-backed health tech startups building data and AI products for top healthcare systems and insurers. Prior to that, Sid designed hospitals, clinics, and care delivery models across the US and Mexico at Vizient, a national healthcare analytics and services firm. He is an industrial engineer with a focus on complex systems design in healthcare.
